About This Game

A Point&Click adventure using 360° vision technology in every scene.

A thrilling new adventure in the heart of Atlantis. Play the role of Ten, a descendent of Seth, the hero of the first Atlantis. The forces of light and dark have awoken and are preparing to fight. Ten carries within him the powers of light. His destiny is to fight his mortal twin. His quest leads him on a dangerous journey through Tibet, Ireland, China and Yucatan.

Key Features

- All voices and texts in English.
- 5 fantastical places to explore that will lead you from the icy cold of Tibet to the torrid heat of Central America.
- 60 3D characters based on the Omni-Sync system
- Sets and landscapes with 360° graphics (Omni-3D).
- A captivating audio environment and a host of challenges requiring logic and perspicacity.

This ought to be categorized as a DEMO of Atlantis 2, because you're only getting a partial game. I too have the original CD version and have loved the game for years (but no longer have a disc drive). This version is missing cut scenes, removes dialogue animations, and auto solves all the puzzles. For those who have played the original, this seems like a sham.
